ORPHAN ASYLUM MELTING. On Saturday evening last, the annual meeting of the Alexandria Orphan Asylum and Female Free School, took place at the Baptist Church in this city. The Church was filled with a highly respectable audience of ladies and gen tlemen, all of whom seemed to be deeply interested in the cause of the charity they came forward to aid. The meeting was presided over. at the request of the ladies, by Edgar Snowden, and, at their request, also, Lawrence B. ter singing by the choir and an opening prayer

Taylor acted as Secretary. Mayor Latham was, also, on the platform and assisted in the collections that were afterwards taken up. Afby Rev. Mr. Bitting, the report of the Managers of the Asylum and Female Free School, was read, accompanied with some eloquent prefatory remarks, by Mr. Taylor. The orator of the occasion HON. HENRY A. WISE, of Virginia, was then introduced to the meeting, and he proceeded to address the audience for more than two hours, in his usual impressive and earnest manner, urging the claims of the Orphans upon the consideration of the public, and exhorting all to be liberal in their efforts to sustain the noble institutions whose cause he had come to plead before the people of Alexandria. He paid a beautiful compliment to our city and its inhabitants, referring to many interesting associations and recollections connected with the town and its neighborhood, and referring with proud satisfaction to Alexandria as the cherished child of its loving mother .-Incidentally, Mr. Wise referred to the situation of the country—to the privations, distresses, and partial ruin that had fallen upon our State -and to his own position before, during and since the war. We give the opening remarks

of Mr. Wise in full: Ladies and Gentlemen, Friends and Fellow-Citizens of the City of Alexandria, in Vir

I carnestly wished to visit your honored and loved old city. But, my friends, neither these reminiscences nor hallowed, nor strange, nor sweet, nor sad memories, and no motives of speaking to the past, or present, or future, brought me to Alexandria to repeat the story of Orphanage here which I have twice told in Richmond. I had declined the requests of Alexandria as of other places, but at last was compelled, or rather obliliation, and justice to a suffering people. ged, to obey her call. She repeated it in a way which was irresistible. He had, himself, early, proposed to fight for the Union in the Union. But when the Government of the U. and on the other hand his State called upon him to repel invasion, it was simply a conflict of sovereignties, and he was not responsible for acts individually in obeying the voice of his of knowledge, like the statue near Thebes State. He had obeyed her orders, as he believed he was bound to do, and had taken sides with his kith, kin and blood in the strife that ensued. He stated that he had taken no test oath, and never would take one. He was not a foreigner to be naturalized—but native born, and therefore tests should not be required of him. The amnesty oath, was a different thing; was Father, said to a minister of France that he had nothing to say against those who had taken that. There was a slight fall of rain here, and heavy thunder heard in the distance. IMPORTED STOCK .- We saw this morning. at the stable of our friend, Jim Chatham, two presented Mr. Wise with a splendid bouquet of stallions and three mares, imported from Normandy, France, by Mr. Slaughter W. We are glad to see this disposition on the part of our people to improve the stock of that "most useful animal"-the horse,-and hope Mr. F. may be eminently successful in his endeavors.
